

## Activities

We encourage personal and sociable lifestyles, promoting individuality and choice for all our residents. Our activities co-ordinator organises a range of activities to meet all abilities and desires, such as armchair challenges, flower arranging, gardening, feeding the chickens and wild birds, arts and crafts, bingo and quizzes to name a few!

There are also days organised for our residents to entertain and offer variety. We have celebrated world food day, circus fun, garden fêtes and Halloween!

## Diversity

Diversity is encouraged at our home; we regularly organise religious ceremonies and cultural days to celebrate our residents and carers backgrounds. This includes festive events and multicultural foods for all to try. This helps to bring back memories and promote inclusion.

Residents are encouraged to have a voice and provide feedback to the care home; we hold regular resident meetings to enhance our service and ensure happiness for everyone.

The Old Rectory  
HR CARE HOMES

Please contact our Registered Care Manager Charlotte to arrange a visit to our home. You can view our facilities and discuss whether The Old Rectory is the best environment for you.

HR CARE HOMES

The Old Rectory  
HR CARE HOMES

Friendly, Family Run  
Providing Excellent Care

Not just any Care Home, it's a HR Care Home

## Family Run

We comprise of two care homes, which have been passed down through three generations; increasing our experience in high quality and specialised care. Due to being family run the homely atmosphere is created throughout to ensure you are made to feel comfortable and valued. The fact that we are two smaller homes helps us to focus more on each individual service user, their families and friends.

At HR Care Homes we aim to offer an inclusive and diverse environment to provide a level of care that varies dependant on your needs.

## About Us

Our two sites are purposefully selected for their locations and building heritage. Our living environments are designed to be nurturing and comfortable creating a relaxed homely environment. Importantly each home is of a size that allows us to maintain a personal touch and familiar relationship with our residents.

Our care teams at each home are passionate and dedicated to providing an outstanding quality of care, through continuing training and mentoring. We maintain dignity and encourage independence for all individuals with our round-the-clock care.

## The Old Rectory

The Old Rectory is set in the beautiful rural village of Fradswell, a tranquil setting with panoramic views of the surrounding countryside.

At The Old Rectory we assess an individual's needs to see how we can care for them to the best of our ability. Our staff are welcoming and dedicated to providing 24-hour excellent care. Whilst our building is not purpose-built all bedrooms are beautiful and homely.

All the rooms are unique with a cosy feeling throughout the home. We make sure each room is made comfortable and individual, by welcoming family photos, keepsakes, and decorations. Each bedroom has a personalised memory board on the door to the stage of time the service user is currently living in; this is to assist people to recognise their rooms and promote independence.

The beautiful gardens are well maintained and secure so that service users can make full use of the grounds. We encourage residents to take a stroll and assist with gardening should they desire.

## Care Team

We provide high quality care for older adults with physical disabilities and specialise in dementia care.

With the assistance of the Registered Care Manager Charlotte, our excellent care team encourage independence and well-being. Helping service users to maintain their abilities and choices.

All our care staff are compassionate and patient, providing 24-hour care to ensure we can meet every need for their best outcomes and quality of life.

## Mealtimes

We encourage companionship within our communal areas, supporting residents to create friendships and mingle. Our mealtimes are a great time to socialise, and our chefs always endeavour to deliver top quality food with options at every mealtime. Our carers are there to assist service users with any needs they may have.

Of course, some residents prefer to eat in the comfort of their room, the Hedgehog or Fox Lounge; this too is catered for. Even Al Fresco dining is possible during the summer months!
